

TECHNICAL DATASHEET

FIRST BASE 3 - WINTER

DESCRIPTION

The First Base 3 Winter cap is a product line extension of Scott Safety's pioneering baseball style bump protection cap, designed and approved in accordance with EN812:A1. First Base 3 Winter helps ensure workers stay warm and dry in cold and wet weather conditions, offering a practical indoor and outdoor bump protection solution. First Base 3 Winter helps maintain worker alertness and allows them concentrate solely on the task in hand. 360 degree reflective strips provide the best possibility to be seen in all light conditions, helping alleviate potential accidents in today's Zero harm business cultures.

APPLICATIONS

The FirstBase 3 bump cap range is designed to provide protection against the effects of striking the head against hard, stationary objects which can cause lacerations or other superficial head injuries. Bump caps are not intended to provide protection against the effects of falling or thrown objects or suspended loads and does not offer the same protection level as an industrial safety helmet as specified in EN397. Typical applications suitable for First Base 3 Winter caps are where the worker must still complete the task in all weather conditions, for example, maintenance teams, warehousing, transport and logistics, airport groundstaff, agricultural workers or any other outdoor/indoor application in a cold or wet weather environment.

APPROVALS

EN812 :A1, including -30 ° C

EN471 (Material tested against Clauses 5.1, 5.2)

EN(V) 343 (Protection against foul weather conditions)

GOST - ROCTP 12.4.245-2007

TECHNICAL DATASHEET

MATERIALS

Cap & Shell

Weight	240g (RP)
Shell Material	Acrylonitrile Butadiene Styrene (ABS)
Outer Fabric	Polyurethane Coated Polyester
Fleece	Tricot Elastic Brushed - 380g/YD
Mesh	100% Polyester
Mesh Position	Side (under tent system)
Colour Fastness Rating	4
Sweatband	Wicking fabric - 56.5% Polyester, 43.5% Minerale
Foam	Ethylene Vinyl Acetate (EVA)
Internal Tension Strap	Elastic
Glass Bead Reflective	Piping & Strip
Peak Lengths	Reduced (55mm)
Waterproof	Yes

PACKING INFORMATION

	PK (20) Complete	PK (50) Spare
Weight	6.7Kg	6.09Kg
Packing Size	L52xW52 xH19cm	L50xW23 xH20cm
Packing Volume	51,376 cm ³	23,000,cm ³
