

Natural Rubber Latex

Print date 13-10-2015

Glove material

- Natural rubber latex (Coating material)
- Cotton flocking (Liner material)

Possible Harmful ingredientsSensitizers

- Natural rubber proteins
- Zinc Diethyldithiocarbamate

Only a very small number of users may be sensitised to this ingredient in the glove and hence may develop irritant and/or allergic contact reactions.

Reach Regulation 1907/2006

For more information, please consult the REACH statement on the Ansell website

Properties

- Extra inside chlorination to reduce the risk of allergies
- Protein level : < 50 µg/g (Modified Lowry test)
- Very good physical properties
- Very good dexterity
- Excellent price/quality ratio

European conformity

Gloves conform to the requirements of the European Directive 89/686/EEC.

They are categorised in "Simple Design" (= Protection against minimal risks).

Application - Limitations of use

Hand protection

Poor versus oils, greases, organic solvents and hydrocarbons

Do not use against flames or temperatures < 0 °C or > 100 °C

Storage

Keep away from sources of ozone or ignition.

Keep out of direct sunlight; store in a cool and dry place.
