

MSA V-EDGE® 1.8m Mini PFL

MSA
The Safety Company

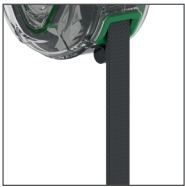

Peace of Mind

An Aluminium Triple Lock carabiner provides maximum safety when connected to harness D-Ring

Close comfort connection

Compact design means product sits comfortably on the user's back

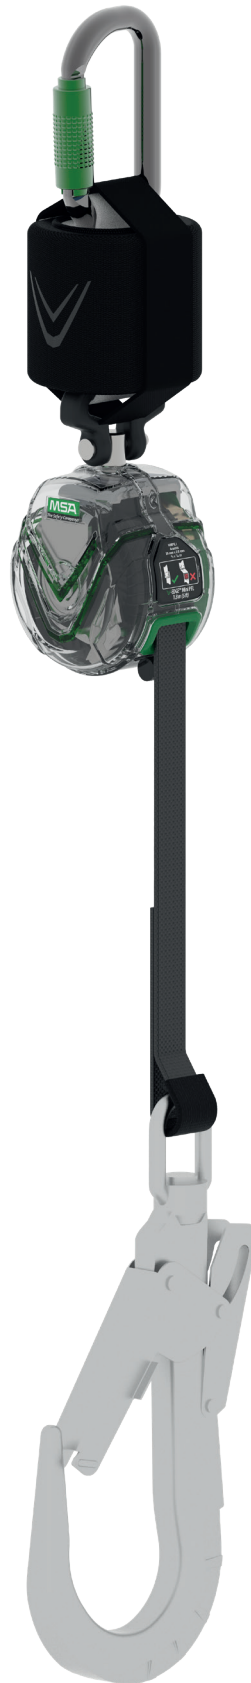

Assured Durability

Our unique PFL Webbing construction offers industry-leading durability and has been tested to 1 million abrasion cycles

Leading Edge Ready

Ready for high risks: certified for fall factor 2, MEWP (DIN 19427:2017) and leading edge use

Simplified Inspection

A transparent casing allows for easy visual inspection of critical internal components.

A yellow indicator thread incorporated into the lanyard webbing means it's easy to see if it is worn

Conforms to latest standards

Conforms to CNB/P/11.106 which requires swivel connection at the end of the lanyard - preventing the lanyard from twisting during use

Ease of Use

Lifeline remains extended, allowing the connector to be easily reached

Superior materials

Components manufactured from Kevlar, high-grade stainless steel and engineered plastics

WE KNOW WHAT'S AT STAKE.

MSA V-EDGE® 1.8m Mini PFL
